Sensient Milton Keynes

In just 2 weeks, SOL Services delivered a complete kitchen upgrade for Sensient Milton Keynes, creating a modern and functional space tailored to the client's needs.

The project included the installation of hygienic white wall cladding from floor to ceiling, white gloss units paired with a black quartz-effect worktop, and integrated appliances. A standout feature was the new 3-in-1 tap, dispensing boiling and filtered cold water, adding both practicality and a sleek, stylish touch.

LED panels were installed within a new suspended ceiling grid, and untidy electrics were concealed to improve both the safety and appearance of the kitchen. The upgrade was finished with a glass splashback featuring the client's logo, adding a personalised and professional touch to the revitalised space.
